EXTREME FAITH

How do you
view your
Life?

Name:

Take me home!

LIFE it
is
your
story

LIFE...

What do you make of it?

Got Life, I mean we all do but what are we doing with the life that we have? Some people don't like the life that they have. When I hear people talk about their life that way I always wonder why they just don't get a new life. Not like you can buy one at the store or on the web, but I always think why don't you change something? And in the process of changing something they well your life will change. People forget that they have control over only one thing in life and that is themselves. When we look at life we always want to blame someone else. We never ever want to say hey my life is what it is because I am in control of me. I am always telling my kids that I am not upset about what they did, I am disappointed that they lost control over themselves which lead to well not act the way they know they should.

What about you how is your life going? What do you like about your life what would you like to see change in your life? It is your life and how you live it is up to you! We all have choices in life. So what choices have you been making lately that have caused you to enjoy your life more? What choices have you been making that have caused you to enjoy your life

less? Jesus came so that we can have the best possible life ever. Not many people believe that they think that Jesus came that we might have a life after death. But that is only part of what He did. So how are you with your life. You getting done all the things that you want to get done? Do you feel like you take every day to the max and get everything out of the life that you have for that day? It is not something that we think about all that much but maybe we should give it more thought. Jesus cares about the life that we live right now so much that He died and rose again so that we could live life to the full. Check out what He says in John 10:10 **The thief comes only to steal and kill and destroy; I have come that they may have life, and have it to the full.** Life to the full, sounds good sign me up. However we have to want it and we have to take charge with how we live our lives. He said that they may have life and have it to the full. Knowing Jesus and Jesus knowing you is awesome but it is a choice to live life to the full. You have to want it and you have to go after it. Keep reading for some cool pointers on how you can run after life to the full!

Living Extreme means...

Well it means that you live out your dreams! You go for it and you don't believe anyone who tells you, you can't. What are your dreams for your life and what are you doing about them today? Dreams don't just happen when you are sleeping they happen when you are awake, the ones that really count anyway. If you are an extreme person then you have dreams, and they are big and you are going after them. We all have dreams but the people who are extreme are really getting it done. That is a lot of what the phrase life to the full is talking about. It is saying that you have big dreams and you are doing whatever it takes to get the job done. I mean when I look at John chapter 10 I see that it tells me that I know the voice of God and I can depend on that voice to guide and direct me. When I have dreams I run to God and get His direction on how to see those dreams become reality. Be Extreme and dream! Dream big and include God in those dreams! He will help you see them to the end!

Would you rather....?

...have athletics foot or dandruff?

...be double crossed by a friend or beat up by a stranger?

...have a life filled with sadness but help others or have a happy carefree life and make no difference in the world?

CHARACTER

When I think about following my dreams I am encourage that God directs me in all that I do and that my dreams are the things that He has for me to do. They are the work that He want's to see me complete. Following your dreams takes character and courage. So set your sails and follow your dreams and take it to the extreme!

DIG IN

John 10:10

The thief comes only to steal and kill and destroy; I have come that they may have life, and have it to the full.

Think About it...

(Dreams help your life have value)

So what about it? How is your life how did you complete the sentence Overall life is.... I mean it is up to you and you alone as to the life that you will experience. Being alive is a ton of responsibility especially if you want to live a life that is rocking and well all that you dream it could be. So what are you dreaming of? How do these dreams play into your life so that you life a life that is well to the full. Here are a few things that you can put into action so that your life can be lived to the full.

Thing One:

You only control you and no one else. You are in charge of you and how you react to anything that gets thrown at you. How you deal with this sets you free in so many areas of your life. You are in charge of you! So be in charge of you and go after the things that you are dreaming of.

Thing Two:

We were all made to live our lives as sacrifices. Not like you get taking out by your friends and such, but we are to live our lives with others in mind. We are to help others and we are called to make this place well just like heaven. When you live your life to help others and better their life well it just makes sense that your life has more value and impact! So when you think about what you dream of doing you should consider how will your dreams impact and help others.

Thing Three:

Ask God about everything! Keep Him in the loop with everything that is going on in your life! He is the smartest and most awesome! He will guide you and show you what you were made for! When your dreams match up to what you were made for it is awesome! Think about it this way God made you and designed you. So He knows best and He will show you how awesome your life can be! To understand more of this take ten minutes out your life and read John chapter 10 and see how cool it is to know what His voice sounds like. Living out of what God made you for is the most extreme way to live. Sadly not many people ever reach this extreme living!

Okay there you go three things to help get you started out on living a life that is to the full!

Finish this Sentence:

(Fill in the blank... How would you finish this sentence?)

*Overall life is...

*What would you change if you could change anything about your life?

*What do you think John 10:10 is talking about? What is the full and abundant life mean?

*What do you think you have to do to experience the full and abundant life?
